#1.To help our community. As a resident of San Mateo County for over 60 years and the last 20 years on the coast, I recognize the community needs, social impacts and for infrastructural improvements. I see our communities' needs and believe I can help and I believe I have the skills to fit that need.

I have over 45 years of public service; 17 years as a police reserve with the City of South San Francisco and over 28 years with the San Mateo County Sheriff's Office. Currently, I am assigned to patrol on the coast as a sergeant and been a private business owner in Colma for over 22 years.

Through my experience as a business owner and as a public servant for over 4 decades, I bring a unique perspective that allows me to unite community groups with different objectives finding a common goal.

I want to bring my experience and perspective to the harbor district, which serves the public and business tenants. I want to assure that the harbor board will use tax dollars wisely for projects in Princeton and South San Francisco and the coastal-trail preservation.

I am also a recreational boat owner who frequents harbor, so it is a place I love and enjoy.

#2.My top priorities are to connect with the business community and residents regarding what most effects them and their families personally and professionally. I would accomplish by attending public events, community service group meetings, and town meetings. I would focus on what impact I have on improving the community while addressing the core of what the community needs.

#3. Habitat restoration throughout the coastal community. Issues such as beach clean ups, polluted water within Princeton Harbor and all conservation issues involving the harbor district.

A review of public transit and work closely with the community residents and business owner to assess their needs and perception of the impact of traffic on their community

#4. I am a lifelong democrat, since the early 70's, and supported the party and people when possible but based on what is best for the community.

The harbor commission is a non-partisan office and it is important to everybody in San Mateo County. I will work with all groups, Democratic or Republican or non-Partisan, to preserve and protect the Harbor District and make the commission run smoothly. Exactly, as I did as a Deputy Sheriff and currently as a San Mateo County Sheriff's Sergeant. The San Mateo County Harbors will be my focus. Other issues are tangential to the Harbor Commission.

#5. Being a liaison between the Sheriff's Office and community residents and businesses, finding common goals and solutions.

#6. I will lead by example and assure that all tools necessary are available to complete the goal at hand.

#7. I have never run or have been on a political committee.

#8. No, there is nothing.

#9.

#10. A review of public transit and work closely with the community residents and business owner to assess their needs and perception of the impact of traffic on their community
